

Looking forward to welcoming our guest speakers for #Aquinas Careers day later this week! 🐾🐾 #AQInspire2018 #CEIAG #LMI

“The best way to predict the future is to create it.”

“Be inspired and inspiring!”

“Career talks boost future earnings!”

Aquinas Careers Day
Thursday 21st June 2018
#AQInspire2018

Greater Manchester’s 9 growth areas! - There will be more opportunities for employment over the next 10 years as there is a shortage of people in the following job sectors:

Financial & Professional Services

Health and Social Care

Retail

Education

Hospitality and Tourism

Construction

Logistics

Manufacturing/Engineering

Digital and Creative Services

Introduction to Careers day

So what is Careers day?

Careers day is an opportunity for you to find out about different jobs from people who are actually employed doing that role. It will give you a good insight and help you make decisions about your future after Aquinas College. Obviously we could not have a guest speaker covering the many thousands of jobs there are. We have therefore selected speakers from areas where there are high number of opportunities in Greater Manchester and areas students generally show interest in.

What you should do?

We all need good quality careers education and advice in order to make informed decisions and career choices - the earlier this guidance can be provided the better, so that you can be inspired by future possibilities and have time to obtain the skills and qualifications you need. The talks may give you ideas for University courses or an apprenticeship.

And the benefits?

Research studies suggest that young people particularly gain real benefit and valuable information on jobs and careers if obtained through engaging with people doing the job. It may help you make the right decision about your future. Universities are also now expecting students to comment on these types of activities when completing their personal statement and obviously it goes without saying if you can talk about a relevant job role when applying for an apprenticeship it can only help you in an interview situation.

Make sure you attend every session. A session missed is a careers misjudgement!

I can't recommend it enough! You need to go to different talks to get the best out of the day. Don't forget to bring your pen and make notes!!!

It was amazing to hear about the successes

Go to talks even if you aren't 100% sure you want to do it.

I found out about different things I could do with the subjects I'm interested in!

So what did previous year's students say about Careers Day?

I learnt you could either study at Uni or complete an apprenticeship for a career in Law.

Great insight! I now know the qualifications, skills and attitude I will need to be successful in the future.

“Preparation is the  to success!”

You should research company opportunities and individual speakers using the Start website to research job profiles under the world of work section - www.startprofile.com. The Plotr website (<https://www.plotr.co.uk/>) can help you explore further career opportunities. Plotr may help you develop an understanding of the different jobs in the different Career Worlds, e.g. the different jobs available working at the BBC- (Twitter: @plotr_UK)

- **Questions to ask guest speakers** – On the day, there will be time to ask questions to our guest speakers who will answer in as much detail as possible. Think about what you want to know about their experiences, the challenges they have faced, their successes and ultimately, would they recommend it and why! Do you need to go to University or could you also progress through an apprenticeship or on the job training? ****Top Tip for the day! – have a pen and pad to take notes for each session you attend!!**

Plan your day! - Talks I’m going to go to:

Session 1	Session 2	Session 3	Session 4	Session 5	Session 6

Talks which also interest me:

Session 1	Session 2	Session 3	Session 4	Session 5	Session 6

Don’t forget to follow the Careers Facebook/Twitter pages (@AquinasCareers) and Tweet using the hashtag #AQinspire2018

If you are unsure what to do ask members of staff for advice or email Careers@Aquinas.ac.uk

9am – Register for Aquinas Careers day!	Tutorial	9am	Students register with their tutor in their registration room and confirm with tutor which talks they will attend.	Tutor room
Area	Employer	Time of Presentation	Brief details of the Presentation	Room
Session 1 – 9.30am				
1.Politics/Economics	Richlove Mensah – Civil Service – Head of Global Economy, Global Economic Issues Dept. Session 1	9.30am	Richlove Mensah is the Head of Global Economy at the Foreign and Commonwealth Office (FCO). He plays a key role in setting the frameworks that drives FCO’s economic policy work. The aim is to achieve economic growth and tackle global economic issues. He leads on the FCO’s input to the G7, G20 and the OECD, and is the UK’s G7 Foreign Affairs Sous-Sherpa Assistant. Richlove has also worked at the Department for Business, Innovation & Skills and the Department for Transport.
